ABOUT ITF INTERTEX MACHINERY SPAIN

As one of the region's leading international exhibitions dedicated to textile machinery and production technologies, ITF Intertex Machinery Spain successfully brought together the global textile machinery industry in Madrid, Spain on 17-19 November 2025.

Organized as a focused B2B platform, the exhibition welcomed international machinery manufacturers, technology providers, and solution partners, presenting advanced machinery, automation systems, and innovative production technologies to the Spanish and European markets.

Held alongside ITF Intertex Spain, the international textile machinery exhibition attracted a high-quality professional audience, including key decision-makers, procurement specialists, manufacturers, agents, distributors, retailers, and brand owners. Over the course of three intensive days, participants engaged in productive networking, business meetings, and new partnership discussions with leading companies from the textile machinery sector.
