THE MOST COMPREHENSIVE TEXTILE MACHINERY EXHIBITION OF EUROPE: ITF INTERTEX MACHINERY PORTUGAL

One of the largest exhibitions dedicated to textile machinery industry, ITF Intertex Machinery Portugal 2027 is going to bring together sector professionals between 11 and 23 May 2027 at Exponor (International Exhibition Centre in Porto), Portugal. ITF Intertex Machinery Portugal is an unmissable international platform where sector leader companies would find export, network, and business opportunities.

ITF Intertex Machinery Portugal opens the doors of profitable market to exhibitors where they can showcase their products and services to selective and qualified international buyers.

WHY YOU **SHOULD EXHIBIT?**

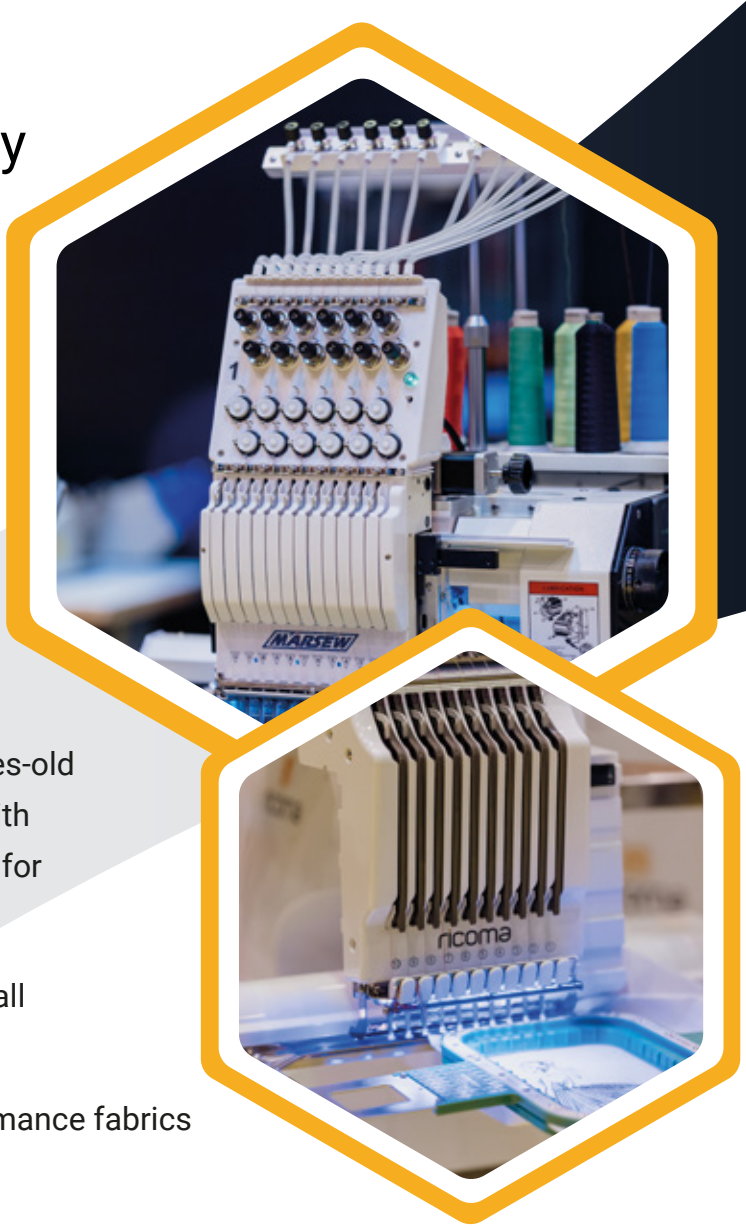

Market Exposure: ITF Intertex Machinery Portugal attracts a diverse and international audience including retailers, wholesalers, distributors, designers, and industry professionals. Exhibiting at the fair gives you unparalleled access to potential customers and key decision-makers, boosting your market presence.

Networking Opportunities: The event serves as a vital hub for connecting with industry players. Exhibitors can engage with buyers, suppliers, collaborators, and other professionals, opening doors to new partnerships, joint ventures, and distribution deals.

Market Research and Insights: By participating, you gain firsthand knowledge of the latest industry trends, consumer preferences, and competitor offerings. This valuable insight supports strategic planning, product benchmarking, and innovation.

Brand Visibility and Recognition: Showcase your products, innovations, and brand identity to a targeted, engaged audience. This exposure enhances your brand's credibility and recognition, helping you establish a strong foothold in the Portuguese market.

Market Insights: Portuguese Textile Machinery Industry

• Portugal is home to one of Europe's strongest textile machinery industries, renowned for craftsmanship and expertise in high-quality apparel and home textiles.

• The northern region around Braga and Porto hosts all segments of the textile machinery v alue chain, providing a significant competitive advantage.

• Portuguese production facilities combine decades-old socially and ecologically responsible processes with modern innovation, setting a sustainable example for the future of the fashion industry.

• Approximately 6,000 companies operate across all subsectors of Portugal's textile industry.

• Portugal is recognized for producing high-performance fabrics using sustainable processes and materials.

• The apparel and textile machinery sector contributes around 15% of Portugal's total exports and ranks among the largest exporters in Europe.

KEY FACTS ABOUT PORTUGUESE TEXTILE INDUSTRY

• In 2018, the Portuguese textile industry reported a turnover of €7.61 billion, with exports accounting for €5.33 billion—representing 10% of the country's total exports.

• By 2022, export revenue rose to €6.12 billion, including €914 million from home textiles, €1.66 billion from other textiles, and €3.55 billion from clothing. This marked a 13% increase compared to 2021 (€5.41 billion) and a 17% rise compared to 2019 (€5.22 billion).

• Imports also grew significantly, increasing by 26% in 2022 to reach €5.43 billion. Spain is Portugal's largest textile supplier, responsible for 34% of imports, followed by Italy (11%), China (9%), Germany (7%), India (6%), and France (6%).

EXHIBITOR PROFILE

- Spinning Winding, Twisting Texturing Machineries
- Nonwoven Machineries and Technologies
- Weaving Preparation Machineries
- Weaving Machineries Tufting and Carpet Machineries
- Cordage and Rope Machineries
- Flat and Circular Knitting Machineries
- Hosiery Machineries Embroidery Machineries
- Quilting Machineries Spinning and Fabric
- Dyeing and Finishing Machineries
- Washing, Bleaching, Drying Machineries
- Folding and Rolling Machineries
- Textile Chemicals Laboratory Equipment
- CAD-CAM-CIM and Automations Systems
- Textile Printing Machineries
- Digital Textile Printing Machineries
- Textile Printing Dyes and Chemicals
- Professional Publications

VISITOR PROFILE

- Textile Manufacturers
- Apparel Manufacturers
- Production Managers
- Quality Control Managers
- Sourcing and Procurement Professionals
- Textile Machinery Distributors
- Maintenance and Service Professionals
- Textile Industry Consultants
- Textile Engineers
- Government Representatives
- Industry Association Representatives
- Retailers and Buyers
- Logistics and Supply Chain Professionals
- Investors and Entrepreneurs
- Environmental and Sustainability Experts
- Startups in Textile Tech

HOSTED BUYER DELEGATION PROGRAM

Joining ITF Intertex Machinery Portugal as a Hosted Buyer is a highly efficient and fast way to discover and expand your network of trusted, high-level international suppliers. Make the most of the exclusive benefits offered by the program and enjoy access to premium networking events designed to boost your business opportunities.
